

# A.A.W.S. HIGHLIGHTS

**October 26, 2007**

General Manager, Greg M., reported that November is recognized as "Gratitude Month" by many A.A. groups in the U.S. [in Canada, it's in October]. To celebrate the essence of gratitude, Bill W. encouraged A.A. groups to make special contributions to the General Service Board each November – contributions that are essential to A.A.'s growth and purpose to reach each suffering alcoholic here and across the oceans.

The 22<sup>nd</sup> Annual Intergroup/Central Office Seminar, held in Oklahoma City, Oklahoma, during October 4-7, attracted over 170 workers serving front-line offices in the U.S. and Canada. Fifty-one workers were attending their first Seminar. The attendees included employees of offices located in large metropolitan areas, as well as volunteers who serve small or remote communities. Seminar workshops covered vital topics such as prudent reserves, accounting, Web sites, e-mail etiquette, volunteers, insurance, databases and how to best apply A.A. Traditions. The 23<sup>rd</sup> Seminar will take place in Edmonton, Alberta, Canada, September 25-28, 2008; and, the 2009 Seminar will be held in Rochester, New York.

The Southwest Regional Forum in Denver, Colorado, attracted more than 800 members for a weekend of workshops, sharing sessions and valuable presentations. There were many questions on topics concerning the welfare, unity and growth of A.A.

Our Records Department continues to process group updates/changes submitted in hardcopy, and via the Fellowship New Vision (FNV) database. Regional Directories have been distributed. Proofing of Overseas and Domestic Intergroup/Central Office Directories is underway, with the publication dates pending.

The Loners-Internationalists-Homers (LIM) Directory will be replaced with a report prepared by FNV. When completed, the LIM report will be sent to applicable members. The change from Directory to Report will permit frequent, accurate updates for new LIM members.

Julio and Greg participated in the 14<sup>th</sup> European Service Meeting, October 19-21, in Frankfurt, Germany. They welcomed opportunities to share with 41 Delegates about the value of strong home groups, and emphasized Public Information service. Julio gave the Keynote address, and Greg shared closing remarks.

All documents formerly located in the obsolete Doc-X-Net system are now available in Laserfiche. Archivist Amy Filiatreau is working with three vendors to develop a plan for conversion of Microfiche. Those vendors have sample fiche to determine an efficient method of conversion to legible digital documents. The project is on budget and continues on target for completion by year-end. We currently have more than 100,000 pages of archival records in the Laserfiche program, and Archives' personnel are adding documents daily. The software allows word-search of a vast number of records with a single keystroke. When the search objective is located, personnel can cut, paste, print, e-mail and easily utilize the records. Archives' employees use the program consistently and are now able to complete a research request rapidly and efficiently.
